Ohh babe
No no no no

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your
head on
Alone
And I don't wanna be alone anymore

See I was wrong, not afraid to admit
I was such a jerk, can't believe the things I did
I made you hurt, you don't deserve that
Never know just what you got until it's gone

Now I'm shook-up, I can hardly sleep
Kinda choked-up, I can hardly eat
Now we broke up and it's killing me
I'm falling, I'm falling baby
Don't wanna be, wanna be

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your
head on
Alone
And I don't wanna be alone anymore

Never brought a rose, never said I love you, oh baby
Never realized I couldn't live without you
Always heard you talk, never really listened
And I never said how beautiful you are

Now I'm shook-up, I can hardly sleep

Kinda choked-up, I can hardly eat
Now we broke up and it's killing me
I'm falling, I'm falling baby
Don't wanna be, wanna be

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your
head on
Alone
And I don't wanna be alone anymore

(If I had another chance)
If I had another chance promise I'd be twice the man
I was yesterday
If I had another try, I never tell another lie
I swear, give you all the love deserve

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your
head on
Alone
And I don't wanna be alone anymore

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your
head on
Alone
And I don't wanna be alone anymore

Alone
It's like being in a crowded room with no familiar faces
Alone
It's like thinking that I see your face in unfamiliar places

Alone
It's waking up to an empty bed you used to lay your

head on
Alone
And I don't wanna be alone anymore
