No, no, no, yeah

I can't figure you out to save myself  
It would help if you would talk to me  
(Baby, talk to me)  
You keep switchin' it up girl, I can tell  
You ain't sure just where you wanna be, yeah

One minute it's like we're so inseparable  
The next second it's like you ain't feelin' this no more  
(No)  
I know you wanna be close but ya scared so you push  
away  
Just tell me which side of you I'm getting today, oh  
yeah

Chameleon, I see your true colors  
You can hide but the truth don't lie  
You don't wanna get hurt this time  
You're just like a

Chameleon, I see your true colors  
Everyday is a new disguise  
Wanna get to know the one inside  
Chameleon

Now I ain't tryin' to start no argument  
(No baby, no baby, no baby)  
I'm just sayin' that I don't understand  
Girl, the closer I get to knowin' you  
I realize the further away I really am, oh

One minute, it's like we're floating on a cloud  
(Floating)  
The next second I swear it's like the rain is pouring  
down, yeah  
Whenever we get close you get scared and you push  
away  
Just tell me which side of you I'm getting today?

Chameleon, I see your true colors  
You can hide but the truth don't lie

You don't wanna get hurt this time  
You're just like a

Chameleon, I see your true colors  
Everyday is a new disguise  
(I wanna get to know)  
Wanna get to know the one inside  
Chameleon

Sometimes you wanna hide away  
When it all seems too much  
But runnin' doesn't take away the pain  
I know that it's a lot to ask but this is serious  
Just promise me your heart will never change, oh

Chameleon, I see your true colors  
You can hide but the truth don't lie  
You don't wanna get hurt this time  
You're just like a

Chameleon, I see your true colors  
Everyday is a new disguise  
I wanna get to know the one inside  
(I get to know the one inside)  
Chameleon

Chameleon, I see your true colors  
You can hide but the truth don't lie  
You don't wanna get hurt this time  
You're just like a

Chameleon, I see your true colors  
Everyday is a new disguise  
(I wanna get to know)  
Wanna get to know the one inside  
Chameleon, oh, oh, yeah, baby  
I wanna know who you are
