Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

Why can't he see, how sexy you are?  
He must be crazy, not to think you a star  
How can he let you sleep alone in your bed?  
He should be taking care of business instead

And if you need keys then you know where they're at  
Just let yourself in for some wine and relax  
I'll do all the things that your man won't do for you  
I know what you need, girl you don't have to ask  
You can creep with me

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

You say that he don't know you at all  
Hanging out all night and don't even call  
Making promises that he's gonna change  
But does the same thing again and again

And if you need the keys then you know where they're  
at  
Just let yourself in for some wine and relax  
I'll do all the things that your man won't do for you  
I know what you need, girl you don't have to ask  
And you can swing with me, oh baby

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

If he don't treat you like a lady, come around  
If he don't buy you nice things baby, come around  
And if he can't ever get it up, come around  
You can take me there with one touch, come around

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around  
Come over, I'll keep it comin'  
Come around, come around

Whenever he's sleepin' on you  
Come around, come around  
I'm ready to sneak up on you  
Come around, come around

When he doesn't give good lovin'  
Come around, come around
