It's Saturday & real hot
But im so fresh & so clean
The schedule is tight,the agenda
Hit the car wash holla at my barber & get my usual cut
I keep my celly on vibrate
Knowin' that she gon hit me
She so fine,black & puertorican
At the 40/40 Inn all this weekend
& i don't usually...

I don't usually push up
but shorty so fine
A little waist with a big butt
It's more than my eyes can handle(oh)
She makes me wanna go the extra mile

& I just wanna do,do it all
& not worry bout the dough or the money I spent
Cause for her i'll blow it all
I never met a girl worth the whole 9 yards
Said i'll do,do it all
with a little romance like back n the dayz
I'll keep her coming back(yea)
i'll keep her coming back always

Now as the night winds down
We ain't thinkin bout sleep(no)
Straight up to the top floor suite(yea)
At the W deep in the sheets(it's on me)(yea)
Cause n a little while i'll make the draw bridge of her
castle open for me wit no hassle
She be giving the red light special
Now i don't usually push up(no)

I don't usually push up
but shorty so fine
A little waist with a big butt
It's more than my eyes can handle(oh)
She makes me wanna go the extra mile

& I just wanna do,do it all
& not worry bout the dough or the money I spent Cause

for her i'll blow it all
I never met a girl worth the whole 9 yards(whole 9)
Said i'll do,do it all
with a little romance like back n the dayz
I'll keep her coming back(yea)
i'll keep her coming back always

don't(don't no) blame(blame) me (for...)for being just a
little bit old fashion she's a little more than average(2x)

& I just wanna do,do it all
& not worry bout the dough or the money I spent Cause
for her i'll blow it all
I never met a girl worth the whole 9 yards
Said i'll do,do it all
& with a little romance like back n the dayz
I'll keep her coming back(yea)
i'll keep her coming back always
(Oh) I just wanna do,do it all
& not worry bout the dough or the money I spent
Cause for her i'll blow it all
I never met a girl worth the whole 9 yards
Said i'll do,do it all & with a little romance like back n
the dayz
I'll keep her coming back(yea)
i'll keep her coming back always
