'Eyo Joe here's another one,
Tim and Bob, Nas

They drool on her blue jools on her arm,
Too cool on her palm, still move to this song,
It's been a minute since I heard some new Joe,
This dawg is crazy, R and B kudjo,
And i'm a rap psycho, Norman Bates call me mama,
With the brown and llama,
But I ain't in town for no drama,
Just peeped and shorty peeped at me so I'm on her,

In the club deep with all of my crew,
Saturday nights it's just what we do,
Just enjoying the good life,
It's alright in here,
When I turn around I see,
A sexy mommy staring at me,
I already know what she's thinking,
She wants me tonight, yeah

I see you looking at me naughty,
Come over and get to know me,
Tell me what it is you're sipping,
Just live it up I got the bar,
Mabye if you get to know me,
Then baby we can leave this party,
Ooh you got a sexy body,
Come over here and get to know me,

You're so damn hot girl you're making me sweat,
You got a round thing that I can't forget,
From your hips all the way to your chest,
Looks so good,
I must say that I'm impressed,
You should thank God 'cos you've been blessed,
Come here so I can get to your head,
Don't be shy,

Come over,
Come over,
Come over,

Come over and get to know me,

I see you looking at me naughty,
Come over and get to know me,
Tell me what it is you're sipping,
Just live it up I got the bar,
Mabye if you get to know me,
Then baby we can leave this party,
Ooh you got a sexy body,
Come over here and get to know me,

I see you looking at me naughty,
Come over and get to know me,
Tell me what it is you're sipping,
Just live it up I got the bar,
Mabye if you get to know me,
Then baby we can leave this party,
Ooh you got a sexy body,
Come over here and get to know me,

Ooh baby, I know why you're here,
I know what you're thinking, but I ain't saying nothin'
Great minds think alike, you intelligent species,
We already connect through telekenisis,
Plus my gear's correct, the monkey jeans on,
One pair fifteen huh, crisp clear air ones,
I'm thinking you could be my sparkle,
Maybe my paw then raising my offspring,
The hays is lit, you taste the alge,
The grapes I sip from Maple Valley,
Your waist is slim, it must be Baileys,
You're killing me soft like old school albe,

I see you looking at me naughty,
Come over and get to know me,
Tell me what it is you're sipping,
Just live it up I got the bar,
Mabye if you get to know me,
Then baby we can leave this party,
Ooh you got a sexy body,
Come over here and get to know me,

I see you looking at me naughty,
Come over and get to know me,
Tell me what it is you're sipping,
Just live it up I got the bar,
Mabye if you get to know me,
Then baby we can leave this party,
Ooh you got a sexy body,
Come over here and get to know me,

Come over and get to know me,
You're gonna like what you see,
Oh oooh, oh yeah,
Come over here, come
Come over here, c
Come over here baby,
Come over here.
