I never believed in dreamin'
It never got me very far
I never believed that love could find me
Like an arrow through the heart

I never believed in miracles
Or building castles in the air
Not until that day I found you
Turned around and you were there

From the day you came you gave me
A whole new point of view
I've been touched by an angel
It's impossible but true

I believe in you
I swear that forever from today
No one will ever take your place
I believe in you
(I believe in you, oh yeah)
And I believe our love will last always
(Oh, yeah)

I never believed in fairy tales
Though sometime I wish I could
I never believed that golden slippers
Could ever find the perfect foot

I never believed in magic
Or that wishes could come true
But your very first kiss changed all this
Something only you could do, yeah

You made me a believer
You made me trust again
You showed me there's a pot of gold
At every rainbow's end

I believe in you
(I believe in you)
I swear that forever from today
No one will ever take your place

(No, no, no, no, no)

I believe in you
(I believe in you)
And I believe our love will last always
(Yeah)

(Only love, sets you free)
Only love
And if it's up to fate
Then you're my destiny, yeah
Now I know, now I see
Anything can happen
(Anything)
If you just believe

I believe in you
(I believe in you)
(I believe in you, babe)
I swear that forever from today
(Forever)
No one will ever take your place
(No one is gonna take your place)

I believe in you
(I believe in you, baby, oh yeah)
And I believe our love will last always
(Believe our love will last)

I believe in you
(Oh, I believe in you)
I swear that forever from today
(Swear)
(Forever)
No one will ever take your place
(No one is gonna take your place)

(I believe, I believe in you)
And I believe our love will last always
(It's gonna last, it's gonna last, it's gonna last)

I believe in you
(I believe in you, babe)
(I believe in you)
I swear that forever from today
(Forever)
No one will ever take your place
(No one is gonna take your place)

I believe in you
(I believe)

(I believe)
(And you believe)
(And you believe)
And I believe our love will last always
