Understand

Girl, I'm a different brand
I'm not the average man
I can show you things you've never seen

I'm making plans
To fly to the South France
I got tickets in my hand
So baby, let's just up and leave

I'm that romantic type
Who likes do things right
Make love by candle light
'Cause I'm that kind of guy

I like sexy girls
From East to West-coast
She could be ghetto
Or be a supermodel

I like sexy girls
All kind of women
I got so many
And that's just how I'm living

I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of Cris
They're so, so sexy

Think about her jeans
Victoria secret thongs
Surely gets me sprung
Love the way they look on you

We could chill
Down at the sunset grill
Or get lost out in Brazil
Let's do whatever suits your mood

I'm that romantic type
Who likes do things right

Make love by candle light
'Cause I'm that kind of guy

I like sexy girls
From East to West-coast
She could be ghetto
Or be a supermodel

I like sexy girls
All kind of women
I got so many
And that's just how I'm living

I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of Cris
They're so, so sexy

I like the way you shake your thing
Ooh, you make me wanna scream out, ooh
So sexy, so sexy

Looks so good inside your clothes
You don't need your skin exposed
And still you're sexy, so sexy

I like sexy girls
From East to West-coast
She could be ghetto
Or be a supermodel

I like sexy girls
All kind of women
I got so many
And that's just how I'm living

I like sexy girls
From East to West-coast
She could be ghetto
Or be a supermodel

I like sexy girls
All kind of women
I got so many
And that's just how I'm living

I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of Cris
They're so, so sexy

I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of Cris
They're so, so sexy

I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of Cris
They're so, so sexy

I like the way she move her hips
