Uh, mmm, yeah
Uh, uh, uh, ooh oow

Yo, the game is dirty watch how you playin' it
It's your bed, watch, who you let lay in it
It's your crib, watch, who you let stay in it
'Cause when you think they want they just might
And it's hard to tell so choose your chicks right

The real ones knowing you front
That's why you gotta know what you want
Walk with them, show them the lounge
Conversate talk to them slow
Talk to them rough

Nowadays it's hard to tell
Where them girls is coming from
Are they in it to the finish
Or just having fun?

I ain't mad at them girls doin' what they do
Out to get that money but I ain't that good

I want a girl, a regular girl
I want a girl only trippin' off that iced out
I want a girl, a regular girl
If you're for real then lemme hear you holla

I want a girl that can ride with me
Never get tired of me
That's the girl for me
(That's what I'm lookin' for)

I wanna girl that can hang with me
(Hang)
Wanna do thangs with me
(Do thangs)
All I want, I want a girl like you

Yeah, uhu, what
Yo, let's go

Gotta watch how you play
Careful who you choose
Might find yourself in tomorrow's news
'Cause some chicks can be scandalous
You gotta know witch ones to trust

You're the kinda girl I would love to have
Just a little thug with a lot of class
Girl, you ain't got no drama
You must get it from your mamma

I want a girl, a regular girl
I want a girl only trippin' off that iced out
I want a girl, a regular girl
If you're for real then lemme hear you holla

I want a girl that can ride with me
(Ride)
Never get tired of me
(Tired)
That's the girl for me
(That's the girl for me)
(That's what I'm lookin' for)

I wanna girl that can hang with me
(Hang)
Wanna do thangs with me
(Do thangs, my girl)
All I want, I want a girl like you
(Uh, yeah yo)

I want a girl that look good, cook good
Don't listen to rap but she still know when the hook's
good
All she do is read so she know when the book's good
Love her, 'cause she's from the suburb and she looks
hood

Lady but in bed she's an animal still
Stick, shift or automatic, she can handle the wheel, uh
There when I call, there when I fall
I want a girl just like you and that's all
(I want a girl)

I want a girl that can ride with me
(Ride)
Never get tired of me
(Tired)
That's the girl for me
(That's the girl for me)
(That's what I'm lookin' for)

I wanna girl that can hang with me
(Hang)
Wanna do thangs with me
(Do thangs)
All I want, I want a girl like you

I want a girl that can ride with me
(Uh, yeah, uhu)
Never get tired of me
(That's right)
That's the girl for me
(That's the girl for me)
(That's what I'm lookin' for)

I wanna girl that can hang with me
(Hang)
Wanna do thangs with me
(Do thangs, my girl)
All I want, I want a girl like you

I want a girl that can ride with me
(Yeah)
Never get tired of me
(That's right)

That's the girl for me
(Ow yeah, whatup?)
I wanna girl that can hang with me
(Joe)
Wanna do thangs with me
(I hear that)
All I want want a girl like you
(Jada)
