Now that you see...oooh oooh  
Damn baby, you know its like, it's like every time I see  
you, and you don't look like you too happy.  
Yea I know you with old dud and all...But if you were  
my girl...you would never have that look on your  
face...

Baby your body is telling me that you ain't getting  
nothing'  
He talk it but ain't offering, that thing that you want  
And baby the small things that he claims, that's  
keeping you holding on  
He ain't really solid.. he keep an naughty body, girl I  
give him time to sneak on.

If I can get you home tonight, I promise ain't gone be  
no more "why can't he please me"  
Cause the next time...the next night ...he don't keep  
you up like...  
I'mma be the young boy turning out your night light  
If I can get you home tonight, I promise ain't gone be  
no more "why can't he please me"

Those messages you sending just keep telling me to  
take what I want.  
If I want her, what if I want her? If I want you what is he  
gonna do... nothing baby  
If I want her, what if I want her? if I want you what is he  
gonna do... nothing baby.

Girl he tripping in so, watch you goodness he can't  
know I  
Let you walk around and feel unsatisfied and  
unfulfilled  
if I got him in close...came in through the back door.  
I know he thought that this was his...but that's staying  
"for real"  
If I can get you home tonight, I promise ain't gone be  
no more "why can't he please me"  
Cause the next time...the next night ...he don't keep  
you up like...  
I'mma be the young boy turning out your night light

If I can get you home tonight, I promise ain't gone be  
no more "why can't he please me"

Those messages you sending just keep telling me to  
take what I want.

If I want her, what if I want her? If I want you what is he  
gonna do... nothing baby

If I want her, what if I want her? If I want you what is he  
gonna do... nothing baby.

Listen baby...

Let me show you this is for real, your taking this no  
more I can see

so I'm willing to be the man you know you need now  
baby

it's clear he don't know what it is so let me...

if I want her what if I want her, if I want you what is he  
gonna do nothing baby.

If I want you...nothing he's gonna do...he wont do  
nothing

If I want her, what if I want her, if I want you what is he  
gonna do nothing baby.

You need some conversation, your looking so so so  
unhappy baby

What I wouldn't do to keep you right here

And I know our in need so let me give it to you girl

If I want her, what if I want her, if I want you what is he  
gonna do nothing baby.

There it is

The choice is yours
