I'm in luv  
Round and round I go  
Out of control, I'm in luv  
I'm in luv  
Round and round I go  
Out of control, I'm in luv

Now from the very start  
You knew you had my heart  
It was plain to see  
Ooo, good god almighty  
The way you work that body  
It was something to remember  
And I dance all in this

Imagine you and me  
A gentle summer breeze  
What a lovely affair  
Champagne and candlelights  
Romance and moonlights  
Girl, I'm no geginner so I hope you're no pretender

I can't deny  
Girl, you turn me on  
Make me lose my self-control  
Hold me close  
I'm in luv  
Crazy love  
Girl, I must admit it  
I am so addicted to your love

Ooo la la  
Girl, you've got it  
All I need  
You can give to me  
What I want  
Is your sweet loving, baby  
Girl, I'm no beginner so I hope you're no pretender
