Intro

OOoo

Ohh!

I can't do it this time I'm sorry

I tried

Verse1:

Girl I've taking care of you so far so good

And you will never have to worry just stay with me

Girl I'll die save your life

I would

Whatever in a mansion or in the hood

This is how we vow to remain to remain

Now the times are harder than they've ever been

So close to throwing the towel in

I need you to appreciate What I'm doing for you

What is trying when I am givin you my all

Chorus

Nothing left at all

What do you want

What is winning when I've giving you my soul

My heart of gold is yours

You want me to do

Do the impossible

Do the impossible

Girl I've done everthing to be just a man

I can't

Do the impossible

Do the impossible

I know that I tell you that I am

But I am not superman

Verse2:

Not to contradict myself that I can provide

But the fight is tough when your opponent is time

Baby why you lookin foul now

The struggle will prevail now

But sometimes we need to just wait it out

But I need you not to doubt me, not no more

Just stay calm and look cute and show some poise
And Baby if we happened to strike out
There is always another round
Don't doubt (what is trying when I'm giving you my all)

Chorus

Nothing left at all
What do you want
What is winning when I've giving you my soul
My heart of gold is yours
You want me to do
Do the impossible
Do the impossible
Girl I've done everthing to be just a man
I can't
Do the impossible
Do the impossible
I know that I tell you that I am
But I am not superman

Bridge:

Can a person really go to God himself
To ask him to grant your wish
Either way you lose
Cause I may not come back with it

Hope you see that I am willing to give my life for you
Baby girl I shouldn't have to

But I really want to meet your demands (your
superman)
Wanna be your superman

Chorus

You want me to do
Do the impossible
Do the impossible
Girl I've done everthing to be just a man
I can't
Do the impossible
Do the impossible
I know that I tell you that I am
But I am not superman
