"Lady, Lady, Lady"

Frightened by a dream, you're not the only one
Running like the wind, thoughts can come undone
Dancing behind masks, just sort of pantomime
But images reveal whatever lonely hearts can hide

Lady, lady, lady, lady, don't walk this lonely avenue
Lady, lady, lady, lady, let me touch that part of you,
you want me to

Lady, lady, lady, lady, I know it's in your heart to stay
Lady, lady, lady, lady, when will I ever hear you say, I
love you

Time like silent stares, with no apology
Move towards the stars, and be my only one
Reach into the light, and feel love's gravity
That pulls you to my side, where you should always be

Lady, lady, lady, lady, don't walk this lonely avenue
Lady, lady, lady, lady, let me touch that part of you,
you want me to

(Solo)

Lady, lady, lady, lady, I know it's in your heart to stay
Lady, lady, lady, lady... (to fade)
