work)
but you look sexy tonight (show me what's under your
skirt)
for now just hide it, girl i like surprises
move closer woman i just wanna tell you somethin

chorus:
you need to move (move)
girl i really love the things you do (do)
i'm likin what you jus started ?
i ain't thinkin bout nothin else
i just wanna be by ourselves so we can oh (oh), oh (oh),
ohh (ohh)

then it's on oh (oh), oh (oh), ohh (ohh)

[Last Sip Feat. Mario Lyrics On]

mario:
girl your smile had me on the prowl
i'm sayin it's cool in here but we gon' need privacy for
miles
i got some aches back in my place
and it's the middle of the summertime
so the pool outside will be feelin right
for some dippin, for touchin, for kissin, for huggin
baby i'm damn near bent, so bout go on in
tell the valet we on our way, comin on down right about

now

chorus:

you need to move (move)
girl i really love the things you do (do)
i'm likin what you jus started ?
i ain't thinkin bout nothin else
i just wanna be by ourselves so we can oh (oh), oh (oh),
ohh (ohh)
we need to roll (roll)
girl i gotta place where we can go (go)
i'm likin what you jus started ?
lemme hit this last sip of petron
then it's on oh (oh), oh (oh), ohh (ohh)
