[Verse 1:] Yes, one dose of me will have you addicted  
To know me is to love me, I handle my own business  
Any city, any town, touch down I do my own thing  
I'm a hustler, baby I provide by any means  
I'm a great conversationist, you should know what  
I'm about  
When you look at me baby, you should see a way out  
Out the hood, out the drama, out the Bentley that's  
on  
Out the headache and stress you been through but now  
done

[Chorus:] I can't leave her alone  
I tried that good boy game  
But the dope girls turnin' me on (without  
symptoms)  
It's just she know what I want  
So bad, I love dat  
I can't leave her alone (I got symptoms)  
I can't leave her alone  
I tried that good boy game  
The dope girls turnin' me on (without symptoms)  
It's like she know what I want  
So bad, I love dat  
Can't leave her alone (I got symptoms)

[Verse 2:] The more I get the more  
My ambition tells me there's more  
I'll move an A for dat girl  
I'll move ahead on dat boy  
Then I flip dat (double up)  
Kick back (cuddle up)  
Your friends try to confuse but you know  
My intentions are good  
I can't help it, I'm hood  
I wouldn't change if I could  
You shouldn't tell me I should  
Baby you should take me as I am  
And be happy you're my girl  
Cause I'm happy I'm your man  
And they say:

[Bridge 1:] That she does it with the best  
Says she runs it in the west  
Tatted on her ass (uh huh)  
I like it (so what)  
I like it and they say  
That she's gonna hurt me  
Just wait and see  
But they don't know me  
'Cause I'm what she wants  
Her man, and I love her.
