You askin questions when you know the answer
Now that's silly, silly to me
Now you're wondering about your love, ya
That's silly, silly to me

How could I love someone who
Who only breaks me into
A million pieces, what do I do
Put it back together, but without you

I think it's best (I really do)
We just don't fit (Not even you)
Or I can say, there's a better way
This is not a game, I'm gonna play

I sympathize (I really don't)
I realize
Everything you said, never again
I'm good with that
That's where it's at

(Chorus)
Love is no longer is my building
Everybody's losin
Everybody's losin
Nobody is waitin here baby
Everybody's losing
Everybody loses...here

Stop tellin people that we still together
Now that's crazy, crazy to me

Cause everyone know we ain't together
Now that's crazy, crazy baby

I can't be lovin someone who
Who only breaks me into
A million pieces, what do I do
Put it back together but without you

I think it's best (I really do)
We just don't fit (Not even you)

Or I can say, there's a better way
This is not a game, I'm gonna play

I sympathize (I really don't)
I realize
Everything you said, never again
I'm good with that
If that's where it's at

(Chorus)

I can't say that I don't think about ya
Because we both know that isn't true
The fact is that I think about ya
Why do we have to lose?
I hate that we
Won't get the chance to see
Our potential, baby
We're too far to get over that

(Chorus) x 2
