[VERSE 1:]

Mama I been seein' you around town  
Really featuring ya whole get-down  
I been waiting for the right time to talk to you  
Without stressin', see I got some questions  
1, Do you gotta man pretty girl?  
2, Do you need one in your world?  
3, Baby are you ready for change?  
I know a lot of men say a lot of things but...  
Good girl need a good man, your smart enough to  
know that's true  
A good man need a good woman and I'm sayin' that I  
need you

[CHORUS:]

I know you handle your business, make your own  
dough  
But baby I can add to that  
You see you ain't really livin', if your all alone  
So baby let me handle that  
You need a good man in your life (so true)  
Without a good man in your life (it ain't cool)  
But with a good man in your life (you can't lose)  
Who need a good man in their life (baby you do)

[VERSE 2:]

Now whether you and I are meant  
In life there's no "for sures"  
But if we don't try it out  
There are three things that we'll never know girl  
1, If you found yourself a shelter?  
2, If I found my better half?  
3, The love we make tonight, is the best we've ever  
had?  
Good girl need a good man, and your smart enough to  
know it's true  
A good man need a good woman and right now I need  
you

[CHORUS:]

[VERSE 3:]

I'mma treat you real good, you deserve it too  
Ain't gon' be no other women, I'll be faithful to you  
Conversation in the morning (the love in your life)  
Good meals in the evening (hot sex every night)  
Take you shopping in Milan on Napoleon  
Baby forget what you need, get what you want  
Worst case, all you need is time  
Best case, I could change your life

[CHORUS:]
