When we turn out the lights
The two of us alone together
Something's just not right
But girl, you know that I would never ever let
Another's touch come between the two of us
'Cause no one else will ever take your place

No one else comes close to you
No one makes me feel the way you do
You're so special girl to me
And you'll always be eternally

Every time I hold you near
You always say the words I love to hear
Girl with just a touch, you can do so much
No one else comes close

Oh girl
No

And when I wake up to
The touch of your head on my shoulder
You're my dream come true, yeah
Oh girl, you know I'll always treasure
Every kiss and every day, love you girl in every way
And I always will 'cause in my eyes

No one else comes close to you
No one makes me feel the way you do
You're so special girl to me
And you'll always be eternally

Every time I hold you near
You always say the words I love to hear
Girl with just a touch, you can do so much

Oh, baby baby
No one else comes close to you
No one makes me feel the way you do
You're so special girl to me
And you'll always be eternally

Every time I hold you near
You always say the words I love to hear
Girl with just a touch, you can do so much
No one else comes close

Oh, girl no
No one else comes close
Damn, I love you
