Yeah

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors

Nobody, nobody has to know
It's personal invitation only peep show

Turn all the lights off and pull the shades down
Unplug the telephone
Don't answer the doorbell, no interruptions
Let's spend tonight alone

Break out your break birthday suit, I wanna freak you
I like it nasty
Whatever you want, it's on, all you have to do is ask me
Just ask me, baby, yeah

You don't have to say a word
Darling, I already heard
'Cause your body's been talking
And when it tells me that you're ready

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors

Nobody, nobody has to know
It's personal invitation only peep show

Every move that we make
Scented candles reflect it off, ho
And our shadows are locked
In a dance on the bedroom wall, ho

If you wanna scream, girl, go ahead and shout
If it's feeling good to you, girl, just let it out
I don't mind if you give it to me wet and wild
Anything goes, girl, tonight I'll be

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors

Nobody, nobody has to know
It's personal invitation only peep show

Keep it right there, right there, right there
Don't you move, don't go nowhere
Baby, tonight you'll catch no sleep
The feeling's right, I'm going deep

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors
Nobody, nobody has to know
It's personal invitation only peep show

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors
Nobody, nobody has to know
It's personal invitation only peep show

Taking you from the bed, to the walls, to the floor
Sexing you, sexing me, freaky freak, behind closed
doors
Nobody, nobody has to know
