Yeah, this feels like one of those songs you know
It's my dedication to that shorty from the ghetto
So priceless, you mean the world
Hmm, listen

Damn, what a lucky man I am, I found someone who
understands
And she don't care what she gotta do to please her
man
Damn, she makes me wanna raise my hands
Shout it out, spread the word telling everyone I can
'Cause she's my only girl and I'm her only man

Damn you're priceless like a rare jewel
You're perfect like a dream come true
Girl, why can't the world be a little bit more like you
And who says you can't find love, a proper love in the
ghetto
Well, I found it and she works it, baby, priceless, so
priceless

Damn shopping at the mall 10 grand
Another 20 on her finger and I don't give a damn
'Cause a love like hers is priceless, yeah
And I know it ain't never been money thing
'Cause she love me even if I didn't have a thing
That's the kind of girl you are and oh yeah

And she'll be my one concern
And I'll be the one for her
Forever, I gotta learn
'Cause I know just what a girl like that is worth
Ain't no price

Damn you're priceless like a rare jewel
You're perfect like a dream come true
Girl, why can't the world be a little bit more like you
And who said you can't find love, proper love in the
ghetto
Well, I found it and she works it, baby priceless, she's
so priceless

I never had anyone that I, I wanted to share everything
with no
Till the day you came around, I knew you was the one
for me
So if it's karats on your hands, a place to lay your head
All it take to make you smile and I'm willing to pay
whatever it cost
'Cause, girl, you're worth the price, yeah

Damn, you're priceless like a rare jewel
You're perfect like a dream come true, yeah
Girl, why can't the world be a little bit more like you,
yeah
Yeah and who says you cant find love, proper love in
the ghetto
Well, I found it and she works it, baby priceless, so
priceless
So priceless, so priceless, you're so priceless, so
priceless

You're priceless like a rare jewel
So priceless, you're so priceless
You're so priceless, so priceless
You're priceless like a rare jewel
So priceless, you're so priceless
You're so priceless, so priceless

You're so priceless like a rare jewel
So priceless, you're so priceless
You're so priceless, so priceless
You're so priceless like a rare jewel
So priceless
