Is gonna get you

I woke up in the middle of the night
And at my surprise you weren't even by my side
But I wasn't trippin I ain't even think it in
Possibility that you was...
Just for you to even... in your style
Yeah I know you're grounding like... like my child
But I need to know down me whether hell you've been
You've been acting kind of funny tell me what to do

Chorus:

Are you taking taking...
Cause I'm feeling my heart something just come right
Try to seek the feeling... and let it go
And if I ain't you... to let me know

Now I let it go cause I'm an understanding man
But didn't you waiting there it again
I ain't gonna lying more feelings inside
That lead me to believe you ain't right
Now I know I might be wrong maybe
But right now you know you're acting kind of shady
I'ma put it all the line and tell how I feel
Stop runnin baby tell you what the deal

Chorus:

Are you taking taking...
Cause I'm feeling my heart something just come right
Try to seek the feeling... and let it go
And if I ain't you... to let me know

... weren't...

Is it something I didn't do that I should know

... season

Cause I can't feel even... though no more

Are you messing tell me is it going... you are messing
before

... the messing

Tell me... for now is... play before

[2 x Chorus:]
