You're such a precious shorty.
Girl, tonight I'm gonna take full control.

I've been waiting for this moment with you,
To play alone in my bedroom.
Your touch has got me in the mood,
Tonight I'm gonna do something to you.
Open up, don't be afraid, let me do what I wanna do.
I complete me you in every way,
I'll send shivers down spine,
Girl this thing will blow your mind.

So come and lay your body right here,
Girl you're beautiful.
Shorty let me touch you right there,
You're so beautiful.
I can't wait to tear it off,
You're beautiful.
Let's keep the lights on,
So I can see how beautiful.

So you like the places I just kissed,
I can do it again and again.
I don't just wanna slide right in,
I wanna take my time and get you ready.
Open up, don't be afraid, let me do what I wanna do.
I wanna do something nasty to you, baby.
I complete me you in every way,
I'll send shivers down spine,
Girl this thing will blow your mind.
So come and lay your body right here,
Girl you're beautiful.
Shorty let me touch you right there,
You're so beautiful.
I can't wait to tear it off,
You're beautiful.
Let's keep the lights on,
So I can see how beautiful.

Beautiful.
If you could only see,
What we could grow to be.

It's all mind blowing.
How much I want you.
Feels like ecstasy.
I'm underneath the sheets.
So can you fulfill my dreams,
And make love to move.

So come and lay your body right here,
Girl you're beautiful.
Shorty let me touch you right there,
You're so beautiful.
I can't wait to tear it off,
You're beautiful.
Let's keep the lights on,
So I can see how beautiful.

Come here baby,

So come and lay your body right here,
Girl you're beautiful.
Shorty let me touch you right there,
You're so beautiful.
I can't wait to tear it off,
You're beautiful.
Let's keep the lights on,
So I can see how beautiful.
