Hello, welcome to the show, somebody's gotta be on top
And that's the way it goes, oh yeah

Lights off, time to set this party off
Baby pull down the shades, they're gonna be like that for days
Clothes off, for a private dance tonight
I wanna take you down naughty street tonight

Come on, let's keep it private, 'cuz I'm gonna let you ride it
Ecstasy on the balcony, going down for more on the kitchen floor
Slippin' and slidin', I'm gonna let you ride it
On my knees I'll have you screamin', wait, wait, wait, don't let it go

Don't you wanna come along on the ride of your life
Somebody, somebody's gotta be on top
Coco butter skin, I can't wait 'til I get in your body
Somebody's gotta be on top

Right now I think I'm gonna slow this party down
There's a sequel to the show
Come on in gotta let you know, admission can't be paid with dough
Stroke, stroke no joke, gonna blow it out sugar ain't no doubt
I'd be strokin', that's what I'd be doin' come on

Come on, let's keep it private, cuz we're gettin' ready ride it
Ecstasy on the balcony, going down for more on the kitchen floor
Slippin' and slidin', I'm gonna let you ride it
On my knees I'll have you screamin', wait, wait, wait, don't let it go

Don't you wanna come along on the ride of your life
Somebody, somebody's gotta be on top
Coco butter skin, I can't wait 'til I get in your body

Somebody's gotta be on top

Hello, welcome to the show, somebody's gotta be on top

'Cuz that's the way it goes, somebody's gotta be on top

Looking for the softest place on earth, someone to break me off

Let's take it the bed get it nice and wet

Never do it from the side, just chest to chest

Looking for the softest place on earth, someone to break me off

Kiss you on your neck then down your back

Doin' it all night like insomniacs

Looking for the softest place on earth, someone to break me off

Take the pillows off the couch, put 'em on the floor

Give it to you nice and strong, make you scream for more

Looking for the softest place on earth, someone to break me off

If you feelin' me, like I'm feelin' you

Get on top of me and make your body move

Don't you wanna come along on the ride of your life

Somebody, somebody's gotta be on top

Coco butter skin, I can't wait 'til I get in your body

Somebody's gotta be on top
