Oh, J O E

Good evening, ladies and gentlemen and royalty
I got my man royal on the track
And my dawg, Bishop, young don, oh well

(Sweeter than Sugar)

Don't argue much now that I
Acquired some things of the good life
360 medina how things have changed
A crib with a east and a west wing
I gotta thank God for my life and all
He keeps blessing with more and more

I'm far to a pro now I see that I
Can reach for a dream and pull it from the sky
Sweeter then sugar is what I dream
My life would be, if left up to me
And, oh, I like that

(Sweeter than Sugar)

Shopping sprees, trips over seas
Finest luxuries, the good life
I just say the word and everything

(Sweeter than Sugar)

The cars I want, I buy the lot
The cribs I want, I buy the block
I just say the word and everything

(Sweeter than Sugar)

Moderate players, that's what we are
About gettin' paper, feel me God
No longer out there chasin' dreams
I'm living the words of the song I sing
Gotta thank my fans for your support
For you all keep loving me more and more

I'm far to a pro now I see that I
Can reach for a dream and pull it from the sky
Sweeter then sugar is what I dream
My life would be, if left up to me
And, oh, I like that

(Sweeter than Sugar)
Shopping sprees, trips over seas
Finest luxuries, the good life
I just say the word and everything
(Sweeter than Sugar)
The cars I want, I buy the lot
The cribs I want, I buy the block
I just say the word and everything
(Sweeter than Sugar)

Cars, jewels and chips, word
Rims, cribs and chicks, word
Love for these streets, I got it
Cars, jewels and chips
Rims, cribs and chicks
Love for these streets

(Sweeter than Sugar)
Shopping sprees, trips over seas
Finest luxuries, the good life
I just say the word and everything
(Sweeter than Sugar)
The cars I want, I buy the lot
The cribs I want, I buy the block
I just say the word and everything
(Sweeter than Sugar)

Shopping sprees, trips over seas
Finest luxuries, the good life
I just say the word and everything
(Sweeter than Sugar)
The cars I want, I buy the lot
The cribs I want, I buy the block
I just say the word and everything
(Sweeter than Sugar)
(Sweeter than Sugar)
(Sweeter than Sugar)
