Would you like to come home with me?

I can think of things to show ya

Thinkin' that I'd like to know ya, uh

Mornin' milkman's comin'

Get up, greet my day

Evenin' brings the sun in

Still I find my way

-

Change of plans, makin' a landin' to see ya

And I do wanna be your man, oh, yeah

Sunday, highway drivin'

It all looks about the same

Nowhere, just arrivin'

Still I play the game

-

I'm home grown, growin' my own and I need ya

Need ya to beg my pardon, to tend my garden

Flowers, she's sittin' for poses

She wants me to sing my song

Hours, she's like a stoned Moses

Guess I'll sing along
