Aaah - yeah he's back again Joe

Verse 1

Hey, when we do what we do
Girl its so cool
Coz I've been waiting all day
Just to give it to you
We been lovers for a while
But I still love what you do
Hop in that Rover and come over
I got a package for you

Chorus

I wanna give it to you girl
Just the way you like
Make sure you wear that little see-through that I like
See the moon, candles burning got the mood right
Its just between me and you
That's what I like

Verse 2

When you're here with me
Its like a fantasy
We go far beyond you imagine we'd be
Just one kiss so intense
Makes me crave your body
I can't control it, to later slow it
I can't wait for you to show it

Oh if you only knew that I feen for you

And I want it everyday
Got to keep it too
Suck us up and shoot them back this way
But you broke me down, broke me down
I can't think of nothing else
I can't wait no more
So walk through the door

Chorus x2

Bridge

I got to see you tonight
Girl come around nine
Let's get tipsy off this bubbly
Girl bring the video cam
I'll have you screaming damn
The pleasure's mine, to give you what you need

If you only knew
Oh if you only knew that I feen for you
And I want it everyday
Got to keep it too
Suck us up and shoot them back this way
But you broke me down, broke me down
I can't think of nothing else
I can't wait no more
So walk through the door

Chorus x3
