"Time Of Your Life"

Hey, girl I see you over there
Looking sexy tonight
I can tell by the way you look,
Baby girl that something ain't right
You look too good, to feel so bad
Got every girl here wantin' what you have
So baby put your cares aside,
And let me introduce you to mine

(Chorus)
And of course we gon' be pop, pop, pop, pop, popping
bottles
Got enough here for all your top models
And if you want a good time, girl follow,
Me and I'll show you the time of your life
First thing we gonna do is spend the... we'll run up the...
Tonight, yeah...
So special, baby so right
Yeah girl you have the time of your life,
Oh girl, tonight, (tonight) the best time of your life
Girl you know, whatever you want girl
You can say it
You're beautiful, ohhhh
You don't even try hard, you amazing
And you will never gonna compromise, yeah
You been lookin in the mirror, you're too fine
So baby put your cares aside
And let me introduce you to mine

(Chorus)
And of course we gon' be pop, pop, pop, pop, popping
bottles
Got enough here for all your top models
And if you want a good time, girl follow,
Me and I'll show you the time of your life
First thing we gonna do is spend the... we'll run up the...
Tonight, yeah...
So special, baby so right
Yeah girl you have the time of your life,
Oh girl, tonight, (tonight) the best time of your life

Girl you know, with me is the best place for you,

Baby I love and adore you, the way that you need to be,
girl
Baby, you're special
I want every date to make it right
To let me show you, girl
The best time of your life

(Chorus)
First thing we gonna do is spend the...we'll run up the...
Tonight, yeah...
So special, baby so right
Yeah, girl you have the time of your life,
Oh girl, tonight best time of your life
