:VERSE 1:

50 Percent

Girl that's the shade of my window tint

Ain't nobody gonna see you girl

Trust you, trust me, baby

Do you know what I mean?

(Take a ride baby)

Have you ever made love

Going 80 miles per hour

:HOOK:

So much sun is seems like

The faster we go, the more you scream like

Baby please dont stop, gimme more

Baby we gon' drive-thru

:CHORUS:

Let's carpool

Cuz' I'm goin there to

I hope you like it in my Triple Black Room

Girl just let me know

Just how far she'll have to go

In my Triple Black Room

Let's carpool

Cuz' I'm goin there to

I hope you like it in my Triple Black Room

There's no caution signs

Just sit back and let it go

In my Triple Black Room

:VERSE 2:

24 inch

Powder coated, Wheels black, busted lip

I really know how to do this girl

Trust you, trust me, babe

Just wait and see, yeah

(You gon' like it baby)

We ain't goin' to the crib

Cuz' you got this drop poppin'

:HOOK 2:

So much sun it seems like  
The faster we go, the more you scream like,  
Baby please don't stop, gimme more  
I'mma make it worth ridin' for ya

:CHORUS:

:VERSE 3:

We'll make love in this car  
Black tint, black interior  
They can't see us, it's dark  
Girl there's no other place I'd rather be  
I promise that I'm gonna make you so happy  
In this Triple Black Room

Girl tell me how fast to go  
I can even go slower  
Anyway you want it  
Baby just speak on it  
Cuz' I'm here to please you (hey, hey)  
So let me get you in this room  
So I can show you how I do  
It would make it so exciting  
Cuz' ya body's so inviting  
In my Triple Black Room

See girl you can't deny  
The night is right, so let it go  
In my Triple Black Room

:Chorus:
