(Yeah, yeah, uh yeah, uh)
Ladies and gentlemen (yeah)
I'd like to take you back (yeah)
Back to the future
When uh, we used to slow jam at the parties
So uh, fellas grab your lady and uh
Take her to the dance floor
You already know (another B. Cox joint)

:VERSE 1:

I remember when we had so much trust
And nobody couldn't come between us
Do you remember, oh
Now you listen to he said, she said
And they keep putting thoughts in your head
All the time

Girl your heart is filled with so much doubt
Cuz you think that I been playing you out
Girl...

:CHORUS:

You should know me, know me, by now
I would die before I hurt you
You should know me, know me
And I will never let you down

:VERSE 2:

You believe that I been getting down
With your friend when your not around
Now why would I do it, baby, baby
I don't deny that there is some attraction
But they lie about my reactions
I could never, never hurt you baby never, never, never

Girl your heart is filled with so much doubt
Cuz you think that I been fooling around
And you should know...

:CHORUS:

:VERSE 3:

If you could look inside of me
Before you start your 3rd degree
You will know exactly how I feel
No one else can take your place
I love you more, more and more each day
Don't you ever take away this... love that we have baby
No, baby no...

:Chorus: x2

Why would I give you my credit cards
If I really didn't love you baby
Why would I buy you a diamond ring
If I really didn't love you baby
If you wanna know
If you really, really, really
Really wanna know
Don't ask my neighbors (you should know me)
Cuz baby they don't know what they say (know me)
All you gotta do is ask me girl (you should know me)
And I'll let you know, I'mma let you know
