Where you at
Where you at
Where you at
Baby where you at
Baby where you at
Baby where you at
Baby where you at

[Joe]
Every word I cut you down is playing in my head
Like a scarface crime scene aint no bringing it back
Those tears didn't mean much then but now I know
That you said you *don't* feel it to the wind starts to
get cold

[Chorus:] (Dont leave) she's Just the woman like a car I
replaced it
(No sleep) I wonder if she saw *this* bullet coming like
this
Only word's I *that* can hear in my ear
is the gesture *you* gonna see the seeds
You planted in the fields
Baby where you at
don't feel you sitting on my pillow case no more
Baby where you at
I just recognized I'm living life alone
Baby where you at
I just *i just* wish you'd call me
Damn this phone (baby where you at)
Doc said i only have four weeks
my whole life just flashed before me

[Joe]
Oh, oh, ohhhaaa (how foolish could I be)
Wild as can be
(Never) never fear be humble (humble)
Got me out to face my fate
May never have a choice again to be honest
(honest) with the one that was loyal to me
God really has his ways of taken you off that stage

[Chorus:]

(Dont leave) she's just the woman like a car I replaced
her

No sleep I wonder if she saw *this* bullet coming like
this

Only word's *that*I can hear in my ear
is the gesture your gonna see the seeds

You planted in the fields

Baby where you at

don't feel you sitting on my pillow case no more

Baby where you at

I just recognized I'm living life alone

Baby where you at

I just *i just* wish you'd call me

Damn this phone (baby where you at)

Doc said i only have four weeks

my whole life just flashed before me

[Papoose]

Yea Papoose, Pap, Papoose

They say you never know what you have till you lose it

You promise your girl something you better do it

You can't tell a woman you love her are you stupid

Words don't express you love you got to prove it

Back then our relationship was the truest

Grown man slow dance to Joe music

As the time went on I *became* foolish

Now your gone everything ruined

But girl this is Papoose I'm on your favorite track

I know your friends are in your ear

But baby come back and I never let you down so later
for that

I told you I was gonna make it I was the savior of rap

And I work hard you don't got to cater to Pap

I tie my own du-rag

Lay back and relax

You don't even got to accept my apology

But I'm man enough to admit it acknowledge me

[Joe]

Awhooo babe

If anyone up in here wasn't just like me

Awhooo babe

Treat her like this was your last week

Wont you call babe (wont you call)

No this song babe

Girl you know this song is hearing me

Damn I regret when I almost passes

[Chorus: (fade out)]

Baby where you at

feel you sitting on my pillow case no more
Baby where you at
I just recognized I'm living life alone
Baby where you at
I just *i just* wish you'd call me
Damn this phone (baby where you at)
Doc said i only have four weeks
my whole life just past before me
