What if a woman....had a man on the side and she never spent time with you??
What if a woman....said she's working late and it's always the same excuse??
What if a woman....took the keys to your whip. Said, "I'll be right back don't trip!"?
What if a woman....left you home with the kids chaging diapers and shit what a twist
Could you stand in her shoes and walk a mile??
(I don't even think so!)Could you hold it down the way she does and smile?
(I don't know a man that could)What if a woman....
What if a woman....
What if a woman....was just like you?? (twice)
Try to imagine that.
What if a woman....
What if a woman....
What if a woman....was just like us.
Oh, think about it now
What if a woman....
What if a woman....could you handle all she does??

What if a woman....started wearing the pants? Would you feel less than a man than OHHH?
What if a woman....never wanted to settle down, always wanted to run around on the low?
You can beg You can plead You can cry
She won't be your wife
With your eyes full of tears
She'll be running the streets with her girls hainging out tonight.
It's the same thing you do to her

Could you stand inside her shoes and walk a mile?
(You see I don't really think so)
Could you hold it down the way she does and smile?
(I don't know a man that could)What if a woman....
What if a woman....
What if a woman....was just like you? (Just like you)
What if a woman....

What if a woman....
What if a woman....was justlike me?
(I gotta let you know now)
What if a woman....
What if a woman....
What if a woman....was justlike us? Oh Oh Oh OOHHHH
What if a woman....
What if a woman....
What if a woman....could you handle all she does?
(whisper) (Could you handle it?)

If the tables were turned around...
Would you leave, would you stay, would you
drowned??
If the cards you were dealt with were change..
Would you let your hand go up in flames??

What if a woman....
What if a woman....
What if a woman....was just like you?
What if a woman....
What if a woman....
What if a woman....was just like me??
What if the tables suddenly started to turn?
What if a woman....
What if a woman....
What if a woman....was just like me?
What if a woman....
What if a woman....
What if a woman....
What if a woman....
She'd be the pimp
What if a woman....
What if a woman....
What if a woman....
And you the Ho.
What if a woman....
What if a woman....(Think about it)
What if a woman....could you handle all she does?
What if she knocked you up and said, "It ain't mine!"
What if a woman....
What if a woman....
What if a woman....was just like you?
What if a woman....
What if a woman....
What if a woman....was justlike you?
If she were to leave and never come back again.
What if a woman....
What if a woman....
What if a woman....was just like us?
Do you think that you could handle it on your own?
What if a woman....

What if a woman....
What if a woman....could you handle all she does?
Think about it now think about it
What if a woman....
What if a woman....
What if a woman....was justlike you?
What if a woman....
What if a woman....
What if a woman....was just like me?
To fade to end
