Love don't you turn your back on me  
Love don't you turn your back on me  
Love hard to resist  
Love last on your list  
Love don't you turn your back on me  
Love why you turn and walk away  
Love is the hardest thing for you to say  
Love draggin me down  
I lost when you found love  
Don't you turn your back on me  
The Angels Got away  
The Angels Got away  
The Angels Got away  
I lost when you found love  
Don't you turn your back on me
