Senorita unfortunately I saw you try and cross the line
Senorita let's forget about me and what goes on all the
time

Trivia tales and talk you speak
Magazines and newspaper ink
You're practicing before you peak

And I want to know
(What) the pictures they never show
The camera shutter moves slow

Ludicrous twists and turns
Truly a friend that never learns
Your story so far is undersold
You're passing your diamonds for a cup of gold

Trivia tales and talk you speak
Magazines and newspaper ink
You're practicing before you peak

And I want to know
(What) the pictures they never show
The camera shutter moves slow
