All the lights have changed their color
And another stop sign on the wall

And we're waiting, waiting
And when we close our eyes we pretend that it's alright
tonight

Goodbye
Goodbye from up above
Goodbye to what you love
Goodbye before you start
Let's stop and say Goodbye

TV forecast nasty weather
But they don't share your point of view
Who are you

Waiting, waiting
And when you close our eyes you pretend that it's
alright tonight

Goodbye
Goodbye from up above
Goodbye to what you love
Goodbye before you start
Let's stop and say Goodbye

Goodbye before the end
You stand to watch me bend
Goodbye before you start
Let's stop and say Goodbye

Waiting

Goodbye
Goodbye from up above
Goodbye to what you love
Goodbye before you start
Let's stop and say Goodbye

Goodbye before the end
I stand to watch you bend

Goodbye before you start
Stop before you start
Now you're waiting
