Truth, always deceiving  
Never believing in yourself  
Truth, not what you're giving  
Not what is living inside of you  
And doubt is a traitor to you

Truth is not a flower  
The highest power but not for you  
Truth isn't a savior, not your creator  
So don't gimme your truth

And if you wanna be  
What you always try to be  
Don't go looking for  
Something that you think you are  
Everything you never thought  
Is just about to happen to you  
You can break through

And if you wanna be  
What you always try to be  
Don't go looking for  
Something that you think you are

If you wanna be  
What you always try to be  
Don't go looking for  
Something that you think you are

If you wanna be  
What you always try to be  
Don't go looking for  
Something that you think you are  
Everything you never thought  
Is just about to happen to you

Truth, always deceiving  
Never believing in yourself  
Truth, not what you're giving  
Not what is living inside of you  
So don't gimme your truth  
Don't gimme your truth

And if a loser dies trying  
Tries at winning, wins at nothing  
What does he find? He finds the truth  
The truth, the truth
