"When You Arrive"

Time's always waiting
Time by the side of the road
Time in the fast lane
Time's about ready to unload

Are you late when you arrive oh yeah
Are you late when you arrive oh yeah

Time is always there in the end
Time is always my good friend
Oh on time you can rely

Time in the morning
Time in the afternoon
Time in the daylight
Round bout midnight
It all comes so soon

Are you late when you arrive oh yeah
Are you late when you arrive oh yeah

Time is always there in the end
Time is always my good friend
Oh on time you can rely

Its time to be guilty
Its time to be bought
Its time to be borrowed
Its time to be caught
Its time to be stolen
Its time to be hung
Its time to be lost and lose what you thought you had
won

Oh on time you can rely
