Money makes that mother love
Money makes that mother love
Money makes that mother love

I can't be who you want me to be, no i can't front like
that

Like I said if you want somebody else
Then go and get yourself somebody else
Ain't me, ain't me, that ain't me, that ain't me

Honey makes that mother love, mother love
Honey makes that mother love, mother love

I can't be who you want me to be, no i can't front like
that

Like I said if you want somebody else
Then go and get yourself somebody else
Ain't me, ain't me, that ain't me, that ain't me

Honey makes that mother love
