Somebody told me that you had changed
Since the day my life has become estranged
Well, that's okay, you just put on that face
But in your heart I know of another place

So here we are, now we're just worlds apart
But were we any closer at the start?
Something so alone, you want somebody
But you're still on your own

(Oh baby)
Now that the feeling's gone
I believe that I've done no wrong
'Cause I've tried hard to get you back baby
But you just wouldn't cut me no slack

Now that it's gone, now that we've walked away
Now that we've both started a brand new day
I'm lookin' back, I'm lookin' at your face
I'm lookin' and all I see is empty space

So here we are, now we're just worlds apart
But were we any closer at the start?
Something so alone, you want somebody
But you're still on your own

Oh baby, now that the feeling's gone
I believe that I've done no wrong
'Cause I've tried hard to get you back baby
But you just wouldn't cut me no slack

But I gotta have ya
Now that I know the cost baby
Something's gonna change my mind
But I don't have the luxury of time no more
Oh, no more time baby

Now that the feeling's gone
I believe that I've done no wrong
'Cause I've tried hard to get you back baby
But you just wouldn't cut me no slack

Now that the feeling's gone
I believe that I've done no wrong
'Cause I've tried hard to get you back baby
But you just wouldn't cut me no slack

Oh no
Just wouldn't cut me no slack now
Now that the feeling's gone
Oh, no more time baby
Yeah, now that the feeling's gone
