Tamp 'em up solid, so they won't come down
Tamp 'em up solid, buddy, so they won't come down
Tamp 'em up solid, so they won't come down
Tamp 'em up solid, buddy, so they won't come down

Baby, when you marry your railroad man
Every day'll be pay day, dollar bill in your hand
Baby, in your hand, baby, in your hand
Baby, in your hand, baby, in your hand
Mary and the baby laying in the bed
Thinking about the money that I ain't made
So tamp 'em up solid so they won't come down
Tamp 'em up solid, buddy, so they won't come down

Captain called the water boy and the water boy
laughed
Captain kicked the water boy yelling, "; Yes, yes, yes";
So tamp 'em up solid, so they won't come down
Tamp 'em up solid, buddy, so they won't come down
And you can do it, and you can do it, and you can do it
So they won't come down
