Travellin' south on my way back home  
Travellin' south on my way back home  
Got no money for the telephone

So tired, think I'm goin' to lay down  
So tired, think I'm goin' to lay down  
Gotta hundred miles 'fore I reach the next town

Gonna leave this town, ain't no back no more  
Gonna leave this town, ain't no back no more  
Goin' to Texas only place I know

So tired, think I'm goin' lay down

So tired, think I'm goin' lay down  
Gotta a hundred miles 'fore I reach the next town

Guitar Solo

Gonna leave this town, ain't no back no more  
Gonna leave this town, ain't no back no more  
Goin' to Texas only place I know

So tired, think I'm goin' lay down  
So tired, think I'm goin' lay down  
Gotta a hundred miles 'fore I reach the next town
