You were sinking lower,  
Just to ride a little high.  
You were in the ground to taste a bluer sweeter sky.

Something's got to give, yeah - nothing lasts this long.

It's hard to hear you say,  
Your breaking up, your signal's fading.  
Now you're caught under the radar.

Peace of mind, a space in time,  
A part of you you'll never find.  
Now you're caught under the radar.

Breathe a little faster,  
This could be your time.  
You can't be honest with yourself while living out that  
same old lie.

I can't reach for something you won't let me see.

It's hard to hear you say,  
Your breaking up, your signal's fading.  
Now you're caught under the radar.

Peace of mind, a space in time,  
A part of you you'll never find.  
Now you're caught under the radar.

[Lead Break]

It's hard to hear you say,  
Your breaking up, your signal's fading.  
Now you're caught under the radar.

Peace of mind, a space in time,  
A part of you you'll never find.  
Now you're caught under the radar.

Oh yeah~!~!
