Well I'm wild about you baby,
And you just won't treat me right.
Yes I'm wild about you darlin',
And you just won't treat me right.
You leave home early in the morning,
And you stay out all night.

Yes you leave me baby,
And you stay away all night long.
Yes you leave me darlin',
And you stay away all night long.
Keep me weepin' and cryin' now baby,
And I hope you come back home.

Yes you leave me baby,
And you know you done me wrong.
Yes you leave me baby,
And I know you done me wrong.
I turn over on my pillow,
And I hope you come back home.
Oh lookout baby!

Yeah goodbye now baby,
I hope I never see you anymore.
Yeah goodbye now baby,
I hope I never see you anymore.
You start doin' me wrong now child,
Just like the girl I had before.

Yeah listen to me baby,
As I hold up my right hand.
Yeah listen to me baby,
As I hold up my right hand.
Gonna get me another woman,
And I hope you find your man.
