It's a rat trap  
it's a dead end  
it's a bull's eye  
it's a fake friend

it's a blank check  
it's a free ride  
it's a dead end  
on the other side

but I don't mind waiting for the sunshine  
been drowning in the rain  
but don't you know  
I can hold my breath for a long time  
...waiting for you

it's a stacked deck  
it's a big joke  
it's a phone booth  
and you're flat broke

it's a big lie  
it's a blank \_\_\_\_  
it's a big smile  
when you're so mad  
but I don't mind waiting for the sunshine  
been drowning in the rain  
but don't you know  
I can hold my breath for a long time  
...waiting for you

I've been waiting for the sunshine  
oh yeah, I've been waiting for the sunshine  
yeah, I've been waiting the sunshine  
I can hold my breath for a long time  
I can hold my breath for a long time  
I can hold my breath for a long time
