I whisper goodbye
swear it's not for the last time
I know it's not easy
this could never be easy

Five thousand miles
with traffic of you in my mind
they'll be pain they'll be glory
girl, you don't need to worry

cause my heart will wait
my heart will wait for you
my heart will wait
my heart will wait for you always

i hear your tears there falling down
through these walls pouring out just to reach me
calling out for some meaning
with all those times we sat
and dreamed our lives or how the future could be
flawless drawings of beauty

so don't give up girl
don't give in
don't stop believing in me
this is just the beginning

cause my heart will wait
my heart will wait for you
my heart will wait
my hearts gonna wait for you always

My heart will wait
my heart will wait for you
wait for you
my heart will wait for you always
i will wait for you
its gonna wait for you
its gonna wait for you
my heart will wait for you
its gonna wait for you always

its gonna wait for you
its gonna wait for you
its gonna wait for you
my heart will wait
and then i will be with you, always
