"Forgive Me"

[Budden talking]

Anybody who listens to Joe Budden
I never got off on it, actually my image is not giving a
fuck about image
My image is a regular, real live man who will always
give it to you just the way it is
I'm never gonna fabricate, I'm never gonna lie
and I'm never going to ?? cuz the industry made me do
something
Some of you gotta take a step back, and really just look
at the situation, and analyze
To really think about it. And you gotta say "is the
risk...worth the reward?"
Let's go

[Verse 1]

Yo I'm only human, ain't to be worshipped (Nah)
I'm only human, I ain't perfect (Nah)
I might say some things and reword it
You could blame it on my roots, deep Jerz shit
Bet some things were never instilled
I might make threats I will never fulfill (Why?)
Hoping you're smart enough to use some will
And do as I say out of fear that I will
Say time will reveal, but I'm jammed up
But I'm standin at the clock and the hands stuck
Ever so tender, seems the things ya'll never forget
I'll never remember
Listen, it's your fault you assumed I grew
But if I'm all about me, then wheres there room for
you?
Rather not rewind but fast forward
"Forgiveness", all I can do is ask for it
Forgive me

[Talking]

I'm only human like ya'll and shit
I ain't a robot, I ain't a superhero
I'm entitled to shit like ya'll niggas
Here we go, check me out

[Verse 2]

Might say some things thats outlandish
But when I do, I'm thinking without standage
I apologize, take it as a letter
In spite of my actions just know I was raised better
(much better)
I'm aware that my opinions hated
So why the fuck am I so opinionated?
My bad Method Man, out of respect
I'ma scrap them 5 pages I wrote towards (Inspectah)
Deck
cuz that aint have anything to do with you
So I made it have everything to do with you
Shuttin' up is unusual
So I'm back to lettin my pen state what I do to dudes (I
meean)
Outside of music, outside of rappin
Cuz none of that shit interfere with life happenin
And you can look me dead in the eyes
If you dont know shit then just know I took your advice
Holla at me

[Talking]

At least I listen though
I'm open minded enough to
A nigga tell me something I'ma take heed to it
Only if its good shit though
I be my own filter
It's that on top music
Think more niggas should be like that
Follow my lead
I left a trail for niggas
Follow it

[Verse 3]

Yo, yo I ain't lookin at the man that you would see
Ain't looking at the man that you should see
Ain't looking at the man that I could be
Treat me like I'm new to the game, still a rookie
Like a newborn straight out the pussy
Or is everybody straight out and just pussy (faggot)
In a state of confusion, what I intended is never the
conclusion (talk to em!)
I'm losin, normally the one they accusin
Maybe that explain my seclusion
But when you grown to see that the stakes high
You at least know to never make the same mistake
twice (look!)
They say the real is gone
I represent this shit

What you see is what you get
No representative
From now on gator redefine me
If ya see another mishap dont mind me
Forgive me

[Talking]

Ya know I heard a lot of niggas
Words are piercing
Sometimes they just hurt like bullets
I wanna make amends
Nnot to everybody though
Some of yall niggas I mean to offend
