[Intro: 3rd Storee (2x)] You should get with me  
If you get with me  
You should get with me  
If you get with me

[Verse: Joe Budden] Lady, think I just wanna hug and squeeze?  
Think I just wanna touch and tease?  
Mami I ain't tryin' to cut and leave  
I'd rather cruise the crib let you touch the Keys  
Said your ex made it hot, I'm a up the degrees  
But lady, it's not a game  
I ain't lookin' to kill you with corny lines  
Like "you lookin' familiar" never ever, ever ever  
You the one I see in my eyes  
And I'm just wantin' you to be at my side  
Holler at her

[Verse] Do I look like I'm fakin' with you?  
(And I) Am out to hurt you  
(And I) Do care about you  
(And I) Just wouldn't love you  
(And I) Won't get me to you  
(And I) Just want it from you  
(And I) Is not out to please you  
(And I) Could show you I'm true  
(If I) Gave the world to you  
(If I) Showed you how I do  
(If I) Make your words untrue  
(If I) Tell you I need you  
(If I) Said my heart's for you  
(If I) Can't live without you  
(If I) Can't sleep without you  
Would you know I'm feelin' you? baby, yeah

[Chorus: 3rd Storee] {\* over chorus  
What do I do? You should get with me  
To show you that I'm really feelin' you If you get with me  
You would feel me You should get with me  
If you just let me get next to you If you get with me

I know I'll do You should get with me  
Whatever it takes to please you If you get with me  
Baby you'll see You should get with me  
If you just let me get next to you If you get with me

[Verse] If you would just hear what I say  
(If you) Would just look my way  
(If you) Would not turn away  
(If you) Would see I don't play  
(If you) Just listen to me  
(If you) Knew what I can be  
(If you) Weren't playin' to me  
(If you) Were open to me  
(Then you) Would see what I'm 'bout  
(Then you) Know how I get down  
(Then you) Would see I can please  
(Then you) Would really want me  
(Then you) Would know that I'm true  
(Then you) Would see that I'm into you  
(Then you) You might decide  
To make it me and you, baby!

[Chorus]

[Verse: Joe Budden] (Wait, look)  
You a Glamour Miss  
You don't know if I could handle or miss?  
C'mon now, I got stamina Miss  
And don't think cause I'm into ballin' that I'm a control  
freak  
I won't stop them male friends from callin'  
And I ain't talkin' kids and marriage  
You been hurt in the past  
Not a thing, I get rid of that baggage  
If we - get together, cop mansion, whip together  
And if I slack up I get it together  
I picture your skin covered in the softest fabrics  
Daytimes, Central Park we in the horse and carriage  
Or let you push forces and karats  
Don't take it as a gift, baby girl  
If you my all you could have it  
(If I) and could be that dude that you want in your life  
(If I) and could put the future right in front of your eyes  
(If I) and couldn't live after all that I say  
Do you think that I'd go out of my way?  
Answer that mami

[Chorus (2x)]
