## "Go To Hell"

### *[Verse 1:]*

Still regular, just stuck in a rapper's body  
Made some bread off this shit, but still, raps a hobby  
I never got a invite, I had to crash the party  
Now it's just models inside him at the after party  
I set trends, here's something for the fags to copy  
Succeeding, everybody from the past get's salty  
I get in the booth and own that bitch  
Won't stop til all my brothers are Jonas rich or wealthy  
Not rich, fuck it... see I aspire to be Mr. Buffet  
Warren, not from just touring  
I used to grind, hustle hard for some hot Jordan's  
Til my mind went beyond and all that got boring  
The streets watching, but it's outlook is not important  
I'm trying to pocket a fortune without the stocks soaring  
If you ain't into getting paper let it be  
Just know were too parallel to every meet  
Think about it now...

### *[Hook: Sampled]*

### *[Verse 2:]*

They say he can't come to the hood, he got ran out  
How's he living so good? His money should've ran out  
Figured he'd be thirsty for a hand out, or living at his  
mans house  
None of that ever panned out  
Call him fake as, say "he as fake as, his girl's fake ass"  
Say "we don't hear him on the radio and he ain't been  
out in so long"  
"Dude can't even rap", you couldn't be so wrong  
Got a different type of censorship,  
So whatever I'm blessed with, I don't mention it  
That shit is soft and my motto is when you get inside  
the end zone...  
Act like you've been there before  
Says something about your character to always brag  
So if you never had, act like you always have, forreal  
Here's something to ahear to be careful  
Cause with so much dick in your mouth it's hard to hear

you  
Pause!

*[Verse 3:]*

They say don't argue with fools, me I do it for debate  
sake  
I'm the nigga that embrace hate  
Take a minute, think about how much ya cake weigh?  
Then know I'm on your mind having a great stay  
Actually, I hope to never have to vacate  
You see I'm much more vaca then AK  
How you premeditate hate?  
At least have the balls to may say when a nigga face to  
face  
Let's see if you still wanna disrespect the king/savior  
I'll introduce you, in case you never seen a razor  
All that mean behavior have whatspoppin dot net at ya  
wake  
And use ya pic for my screensaver  
See I ain't losing the sleep  
You a small piece of bark and I'm on to the whole tree  
And please, know there's never been a nigga more "I  
don't give a fuck" then Joe  
Even before the show biz
