Check, It's time to educate a lecher if your  
featherweight by nurture  
Looking for a fix, I'm here to medicate, nurtured  
Was putting this shit off, and know I hesitated further  
Even me thinking bout it is premeditated murder  
So if when I levitate it disturbs ya  
You ain't gotta ask who I dedicated this verse to  
You brothers - I tried to see shit in all shades  
So I'm prep when they finally show they true colors  
Ain't gotta worry about who I'm trying to appeal to  
If all I do is keep it in fif, what up Phillip Hughes  
Public Enemy, all I'm just missing Terminator X  
Now who am I gonna terminate next?  
Hearing all sorts of fables probly...  
Who if you choose to believe will have you thinking I'm  
unstable  
Contrary to belief I weighed all I brought to the table  
And decided that relationships wasn't worth being  
faithful  
Words from the wise: When you lie make sure the trail  
is gone  
And don't expect a happy ending less you in a nail  
salon  
Nigga  
I'm at a time before drugs should starts  
It makes sense, I'm being framed I'm a work of art  
But if you broke tho  
Don't, blame the economy  
Don't, come with a handout  
Don't, try to?  
See, I never ask niggas to come and be fond of me  
You met your match now, what up Eharmony

(Hook)

Hello expectations, know I had to greet you  
It don't matter where you at, I'll always come and meet  
you  
Hello expectations, we can skip the small talk  
Probly thought I disappeared and thought that I was all  
talk  
What you been smoking?

You keep getting higher  
But that ain't ever been a problem, I keep getting nicer  
Hello expectations, who do it like me?  
I think you got a good idea of who it might be

Been in this game 8 years, ain't fell off, no bragging  
It's just been a lot of John Doe and toe taggin  
The jeans have, any foot wear is old fashion  
Bought these Jordans maybe do some Bo Jackson's  
All I'm hearing is coke rapping with no passion  
From dudes getting fuck like something Chris Stokes  
imagined  
Black Benz, fruck an art class no wagon  
Way I'm on that turn pipe you will think the pope  
passing  
If you got an assessment of what I represent  
It's more then likely negligent if we was never friends  
Popping shit online, haven't even met me  
You's a pussy and a bush, Kardashian and Reggie  
Hello Expectations, I should look familiar  
Every time we meet you tell me ain't nobody realer  
Whatever you expect from me, I always go beyond that  
And you be looking shock as if we lost contact  
So if you knew me, you would get why my man is off  
drastic  
Strong minded, a lot of people can't handle that tactic  
To keep it real, politics always hand to the masses  
And I rebel cause all I wanna do is hand them a classic  
Nobody gotta be right, just a lamp and a mattress  
Till my accountant pull the trigger I'll hamper they  
asses  
I'm in a fine lint and? hand them a fabric  
Bad bitches, fast cars no Danika Patrick  
Audience is die hard so if my fans spazzin  
You might see the first drive-by from a ban wagon  
I'm not a role model, I never claim to be - The  
World would be fruckd up - If  
Yall was the same as me - I'm  
Not to be copied off of  
Not to be emulated  
This music ain't the club more  
So to be stimulated  
A nigga far from perfect when you hear the pencil  
stated  
That I would try to be your  
That I would demonstrate it  
The naysayer's talking  
It seems I been degraded  
And tho I hear their words  
None of them penetrated  
So when it's cold - I

Make sure I'm insulated  
A little food for thought  
Hope your mental can take it
