And we're off to the races, places
Ready, set the gate is down and now we're goin' in
To Las Vegas chaos, Casino Oasis, honey it is time to
spin
Boy you're so crazy, baby, I love you forever not maybe
You are my one true love, you are my one true love

Check it
Let her know I'm here if she ever need me to be with
her
As long as she know I can never be with her
She asked you why, I just need you to keep it G with er
Tell er I found the happiness that I could never see with
er
3 years after that break up, should've had closure by
now
We'd be best friends, you'da let this end we'd be closer
by now
What you want is upset
I'm still angry, evil, bad and shit
Fuck makin your bed and lying in it
You bought that house, live with it
I came to you for a second chance, you gave me your
ass to kiss
Found another salad to toss, how the fuck is you mad
at this
Oh, I forgot, you not in love anymore
And I'd believe it, but see? I'm not on drugs anymore
That's based on action, words I stopped believing still I
hear it though
Would you save them if you knew they became
meaningless to me years ago?
But if happy this is the finish line I beat you there
So karma must be real cuz since we broke up he ain't
treat you fair

And we're off to the races, places
Ready, set the gate is down and now we're goin' in
To Las Vegas chaos, Casino Oasis, honey it is time to
spin
Boy you're so crazy, baby, I love you forever not maybe

You are my one true love, you are my one true love

Main man both break up, I rapped about it in Downfall
But you know I don't stay down for long
Remember you met that other dude, he's smarter and
more mature
With more bread that you'd thought would be around
for long
Remember you pulled the rug from under me, left me
to be alone
I threatened suicide, bang, was crazy about you
But that stalker dude was the race to the point you
waste that for this name
And when we speak now you still say I'm crazy without
you, my
My, how the tables have turned
Already been there just a little, you lose it just a little
The dude that ruined your life made you doubt yours
It's the reason that loneliness you gave me is now
yours, check it
On perspective I can't even call it hatin
You mad at the situation, really it ain't even Kaitlin
We both sympathized, that pain
Just felt ashamed to watch a man that you helped
better display it elsewhere
Watch a man you spent years with, grew with
Come across to someone that you want nothing to do
with
To sleep in a bed with what if instead of something
special
How can you get over it? The public won't even let you
I know to wake up with that feel is gross
Love me from far cuz you came to get close
But what are you fearing the most?
If happiness is the finish line I beat you there
I always thought that when you'd put the baggage
down I'd meet you there

And we're off to the races, places
Ready, set the gate is down and now we're goin' in
To Las Vegas chaos, Casino Oasis, honey it is time to
spin
Boy you're so crazy, baby, I love you forever not maybe
You are my one true love, you are my one true love

Uh, let's bring up the speed a lil bit
Now a nigga ballin, you still tell me to grow something
Entertaining threesomes, you don't think that it's
awesome
Say that you can't trust me, think I'm out here trashing
you

Got a lot of answers to questions I won't be asking you
I tried to be friends so I don't see a problem passing
through
You welcome a nigga to pain, it is caressing you
You must be miscontrolled my love and it's gassing
you
Causing you the way your shit out, that thing is
fashionable
I think that you should put out history in back of you
Grab a coffee and stepping outside of yourself and
being rational
Come to front shit, you question me in that capacity
How would you ever know it's not something you ever
asked of me
And VH1 just gave us another episode
So maybe it's smart that you can't let this go
Cuz love changes, a thug changes
And soul mates become strangers, word up

And we're off to the races, places
Ready, set the gate is down and now we're goin' in
To Las Vegas chaos, Casino Oasis, honey it is time to
spin
Boy you're so crazy, baby, I love you forever not maybe
You are my one true love, you are my one true love
