I'm 'bout to say some shit to you  
I might need you to answer back top

Bad enough that the mic give me feedback  
I ain't gotta come home and see that  
Let me talk to you for a minute

I wanna know  
I wanna know  
I believe I know  
You'll be my baby, baby

Let me talk to 'em

First off, all the questionin', I thought we was above  
that  
We got some time and act like you wish to jerk that  
C'mon don't tell me that we already endin'  
And fuck I need to cheat on you for I'm already winnin'  
It's like, "I wanna know", if I gotta exit them tensions  
Callin' her names, tryin' to make her feel like less of a  
woman  
But nah, picture I shady, won't lie and say I don't lie  
Once or twice maybe, forever you my lady my

You gorgeous, but it's more than just your hips that talk  
It's, [Incomprehensible] but want more  
It's how we laugh, you know shall we not  
My better half slash your eyes, the vibe we got  
It's like, "I wanna know", if I'm real in a deal and then  
She wanna know if I feel how she feelin'  
And real when I'm dealin', please believe boo  
Won't deceive you, it's not just a want, I need you

I wanna know if you'll always be my baby  
You my girl, my wiz, my life  
I need to know he'll always be me baby  
You my heart, my all, my wife  
I wanna know if you'll always be my baby  
You my girl, my wiz, my life

Bad enough that the mic give me feedback

And I ain't gotta come home and see that

It's like, "I wanna know", if I'm at some other broad's  
Laughin' in bed, she got it all mapped in her head  
Ma, I'm all 'bout, you and me  
But you slowly losin' me when you keep accusin' me  
I know why you be askin' where I came from  
Nothin' wrong with arguin' but we havin' the same ones  
Either you gon' ride out or you gon' spoil it  
Either you gon' take a shit or get up off of the toilet

It's like, I wanna know, if I be lyin' to her  
Or if I think these other birds finer than her, so  
So when your man's on the road, he don't see you  
I don't want the sex to be the only thing that keeps you  
I give you my all, just holla at me if you want more  
You tired of hearin' 'bout me talkin' 'bout a jump off  
You my girl, my wiz, my life  
Ma we can't go wrong ma, listen to the horns ma

I wanna know if you'll always be my baby  
You my girl, my wiz, my life  
I need to know he'll always be me baby  
You my heart, my all, my wife  
I wanna know if you'll always be my baby  
You my girl, my wiz, my life

Bad enough that the mic give me feedback  
And I ain't gotta come home and see that

It's like, I wanna know, if my career catches fire  
Out of all the woman in the world, why her?  
Hold up now you gettin' mad at yourself  
Just take a look in the mirror, be proud of yourself  
How many times I gotta tell ya, boo you all that I got  
How many times I gotta tell ya, be secure in your spot  
I understand so I can't knock it, but I'm your man, stop  
it  
Checkin' my 2 way, and goin' through my pants pockets

It's no need, you my girl, my wiz, my life  
Look ma, you my heart, my all, my wife, and you pissed  
'Cause you know other chicks would love to smash your  
man  
I tell 'em I'm alright, I take pride in that I'm your man  
Your friends keep tellin', you ain't shit  
I done been through this before baby, same shit  
Long as we know what we got, we can carry on boo  
We can't go wrong ma, listen to the horns, ma

I wanna know if you'll always be my baby

You my girl, my wiz, my life  
I need to know he'll always be my baby  
You my heart, my all, my wife  
I wanna know if you'll always be my baby  
You my girl, my wiz, my life

Bad enough that the mic give me feedback  
And I ain't gotta come home and see that

My girl, your wiz, your life  
Your heart, your soul, your wife  
I will be everything to you, oh baby  
I wanna know, if you'll always be my baby
