{HOOK}

Things You Do...  
To Make Me Wanna Leave You...  
To Make Me Wanna Go Somewhere and Do Things I  
Ain't Supposed To Do...  
You Got Me Going Crazy...  
Thinking I Just Gotta Get Away...  
BabyGirl, You're Not That Far Away From A Nigga  
Leaving You, Yeeeeaaaaah...

{VERSE 1}

Alright breathe, let's talk for a minute, ain't gotta be  
naive  
As much as we argue, for real he might leave  
In your mind you say your dude slackin  
But how we going from being soulmates to you packing  
Or me leaving, me creeping, us beefing  
Going weeks without speaking for no reason  
How you going to ignore me, or get a little jealous  
Anytime a girl call me, making up your own stories  
I been with you for years, supposed to die together  
If I risk you for one night, I would hide it better  
Now heres something you should think 'bout  
You snatching numbers out my phone just to call  
bitches I don't even think 'bout  
And the madness all started with a cute crush  
You moving in,  
It all started with a tooth brush  
Told you I'd walk out your life and never look back  
You mistook that so fuck it let's bring the hook back

{Hook}

{BRIDGE}

Oo Girl You Know I'm Tired Of Coming Home To You  
[Crying, Fussing]  
I Can't Even Come Home Without You Saying I'm  
[Lieing, Bunting]  
I'm Better Than This  
Girl You Know I'm Sick Of You  
[Tripping, Cussing]

You Keep Playing These Games and Girl You Know I'll  
Hit the Door  
[Quickly, Sudden]  
Oo, It's the Things You Do Girl

{VERSE 2}

Look,  
Why scream and why yell,  
I'm so sure I'm where I wanna be like Donnell,  
But that don't mean I can't go out with a friend calamari  
and some cocktails  
You puttin curfews on a nigga but it's not jail  
Spaz anytime the AOL says you got mail  
Hit the club you think I'm out being Akinyele,  
With nothing tempting me, Sleeping with the enemy  
Argue by yourself baby I ain't got the energy

{Hook}

{VERSE 3}

You wanna fight about the dishes, the dog, your  
workplace, the cable,  
My friends, your parents, Myspace isn't faithful  
There's two things cheating will do  
Tell me we ain't meant to be or make me just  
appreciate you  
[Listen] I'm a be fine, just need some me time  
Not us or we time, since we can't rewind  
You fightin throwing shit at me  
I ain't scrapin with you, fuck around,  
Lose the best thing that ever happened to you.

{BRIDGE 2}

Girl You Know I Can Be,  
I Can Be What You Want and Need,  
Girl You Know I Can Try,  
To Give You Everything You Need From Me,  
Girl All I Need Is A Chance,  
To Prove To You I Can Be Your Man,  
You Should've Let Me,  
But I'm 'Bout To Leave...
